

Duo Biz'art's Cinderella stole the hearts of all the pupils at St George's Junior School with their spellbinding performance!

This wasn't your average princess tale; it was a vibrant tapestry woven with classical music, playful interaction, and enough enchantment to fill a royal carriage. From the very first note, the duo transported us to a bustling ball, their fingers dancing across the piano keys like shimmering fairy lights.

The children were instantly captivated, eyes wide with wonder as the music brought the story to life.

Duo Biz'art's Cinderella wasn't just a performance; it was an experience. It was a celebration of music, imagination, and the power of sharing stories together. It left the children beaming and everyone with a renewed belief in the magic that lives within the ivory keys of the piano.
